

E- UNITE WITH OTHER RELIGIONS

THE VISION

There is a saying that we have all learned way back in grade school and it is as true today as it was when we were youngsters.

“United we stand, divided we fall.”

This saying holds true in everything that we do in our lives. We must involve more than just the Catholics in our undertaking. In all successful movements, a united front becomes a wall that can not be torn down.

Movements that have not been successful have had individuals who were constantly working behind the scenes to keep people from working together. It is an old psychological axiom to keep people with a common cause separated and fighting among themselves. The surest way to defeat an “enemy” is to “Divide and conquer”, another adage that you’ve heard before.

It is imperative that we unite with our brothers and sisters from other religions. We believe that the vast majority in this country feels that abortions should be an unlawful act in our nation. Unfortunately the minority has, for years, been more vocal and the politicians believe that their fortunes rest with those who can garner the most votes. Well we can use the same tactics. We can make the politicians answer to us. We must make them understand that if they expect to continue to have these cushy, well-paid “jobs”, great health care benefits (much better than they propose for us) and ridiculously unfair retirement funds, then they MUST work for the good of the unborn and the mothers who suffer physical and mental trauma resultant from abortion.

Again this can only come to fruition through YOUR efforts. Not your neighbor, not your friends, not your relatives but YOU.

THE ACTION

It will be necessary to use the most caring tact as not to seem that the Catholics are running the show. This must be presented as a joint effort by asking them for any ideas that we can use to support the Pro-Life movement. If it seems that they want to plan any activity whatsoever, indicate your support and be willing to work as a subordinate group under their direction.

There are a great many Churches, from which to solicit support. Ask them if they would be willing to install one of the Pro-Life crosses on their property. Be willing to help them in procuring and installing the cross. Assure them that this is not strictly a Catholic symbol; but rather a sign that shows the belief we all have in a Supreme Being.

Unity is one of the K of C watchwords and this “UNITY” is what our movement needs.
